

Technical Data Sheet

- Campione/Sample: **WHITE JC**
 - Prodotto/Product: **Succo d'uva Bianco Concentrato - STD**
White Grape Juice concentrated - STD
68 or 65 °Bx
 - Vendemmia/Crop: **2023**

INGREDIENTS:

100% grape juice from Vitis Vinifera or Vitis Labrusca grapes.

PRODUCT DESCRIPTION:

White grape juice concentrate is a natural and neutral product that comes from a concentration of grape must by physical means. During the process, excess of Sulphur Dioxide and water are removed to give a dense and sticky liquid.

ORGANOLEPTIC PROPERTIES:

Color: Pale yellow to amber
Aroma: Typical grape flavour
Taste: Characteristic of grape juice,

CHEMICAL PROPERTIES:

Grado Brix Brix Degree	°Bx	68.00 (± 0.50) 65.00 (± 0.50)
Densità density	g/cm ³	1.34 (± 0.02)
Grado Baumè Baumè Degree	°Be	37.30 (± 0.30)
Acidità totale (in acido tartarico a pH 7) Total Acidity (in tartaric acid equivalent)	g/Kg	10 (± 3)
pH (pH metro / 20° C)		3.10 (± 0.30)
SO₂ (IFU 7a)	ppm	< 100 (± 10)
Color O.D. 430nm¹	O.D. T%	0,100 (± 0,50) > 75%
Polifenoli Totali Total Poliphenols	mg/Kg	600 (± 15%)
Ferro Iron	mg/kg	< 15.0 (± 3)
Rame Copper	mg/kg	< 2.00 (± 0.5)

¹ COLOR METHOD OD.

Dilute the juice in @ 16 °Bx with distilled water, read direct absorbance @ 430nm. To be intended as color @ arrival port for temperature controlled transport.

- the product comes only from mature and sound grapes;
- the product is conform to the EU legislation for deionized grape juices (EC Reg. 1234/07);
- the product does not contain any added sugars, flavor or colouring substances;
- the product is NON GMO and it's free from GMO product;
- the product does not contain any allergen substances (including sulphite, albumin or casein);
- the product does not contain any harmful bacteria;
- Heavy metals content: below EU law limits as per Reg EU 1881/2006 and furthers.
- Pesticides: below EU law limits as per Reg EU 1881/2006 and furthers.
- Foreign contaminants: below EU law limits as per Reg EU 1881/2006 and furthers.

PRODUCTION PERIOD	All over the year
OFFERING PERIOD	All over the year
SAMPLING PERIOD	Sept. March
SHIPMENT PERIOD	All over the year
BRIX	Normally available at 65° or 68° brix. We can evaluate inquiries for lower or higher brix products time to time
NOTES	Customized product available upon request. Being a natural product may undergo to sugar crystallization when stocked in cold ambient. Sugar crystallization is a normal and natural phenomenon, completely reversible. The crystallized sugars can be dissolved by warming and stirring the solution. Natural color evolution can occur during stocking time.
SUITABLE FOR:	Vegetarians Vegans Coeliac
FOOD SAFETY DECLARATION	We hereby declare that the productive process of Vinicola San Nazaro srl, following Reg. (CE) 852/2004, applies internal H.A.C.C.P plan, last revision n° 14 dtd 01/2020. Consequently, the analytical parameters checked on the finished product, particularly related to heavy metals, pesticides, methyl alcohol and Ochratoxin A, are within European law limits. All the primary packaging used are Food grade certified respecting EU law limits (Reg. (CE) 1881/2006 – Reg. (CE) 396/2005 – Reg. (CE) 2001/112). The quality control system implemented by Vinicola San Nazaro s.r.l. is certified under ISO 22.000 guidelines by Bureau Veritas.
RADIATION FREE DECLARATION	The grape juices concentrate are fully compliant with COUNCIL REGULATION (Euratom) 2016/52 of 15 January 2016 laying down maximum permitted levels of radioactive contamination of food and feed following a nuclear accident or any other case of radiological emergency, and repealing Regulation (Euratom) No 3954/87 and Commission Regulations (Euratom) No 944/89 and (Euratom) No 770/90 and have not been subjected to any kind of ionization treatment.
INTENDED USE	Products supplied by Vinicola San Nazaro are not destined for direct human consumption, these product are destined to professionals in food market. The wine products are destined to adults in good health while they are not recommended for vulnerable individuals due to the interaction with alcohol (i.e. pregnant women or individuals with certain medical conditions). Likewise customers are informed that drinking too much fruit juices may, in a poorly balanced diet, increase the risk of incurring into type 2 diabetes.

PACKAGING – MICROBIOLOGICAL DATA & SHELF LIFE
NON ASEPTIC FILLED PRODUCT IN BULK:

	TRUCK	TANK TAINER	FLEXY TANK	IBC
				
Quantity	variable up to 32.000 Kg	variable up to 26.000 Kg	variable up to 26.000 Kg	1000 L – 1350 Kg
Contact Material	stainless steel or fiberglass	Stainless steel	Food grade PET	Food Grade PE
